STUDY PROGRAM

Study Program
Ennlite academy

WORK EXPERIENCE

Web developement
Self-employed

Achievements/Tasks

- I have gained expertise in HTML, CSS, JavaScript, and PHP, primarily focusing on building robust and user-friendly admin panels for various systems. Through my experience, I have demonstrated proficiency in creating intuitive user interfaces, implementing dynamic functionality using JavaScript, and integrating server-side functionality with PHP.

Front-end developement
Contract

Achievements/Tasks

- I was responsible for developing a visually stunning website for a graphics designer. Leveraging my skills in HTML, CSS, and JavaScript, I implemented the designer's vision, creating an intuitive and responsive user interface that showcased his artwork and creative projects. Through attention to detail and seamless integration of animations and transitions, I ensured an immersive and engaging experience for visitors.

Back-end developement
Ennlite Acadamy

Achievements/Tasks

- My role as a back-end developer involved being responsible for designing and implementing core functionalities such as attendance tracking, scheduling, and report generation. Leveraging my expertise in PHP and database management, I developed a robust system that efficiently recorded and managed student attendance. Additionally, I engineered a flexible scheduling module and integrated a comprehensive report-making feature, empowering administrators and educators to efficiently manage schedules and generate insightful reports.
